

## **REACH Registration-Only Representative (OR)**

Dear Sir/Madam,

Brewer Science's current United Kingdom (UK)-based OR entity, Intertek, entity will be transferred to the Germany-based Intertek OR entity. The OR transfer contract will be in place by the middle of March. Letters will be sent to customers at that time with the name and address of the new Intertek OR entity.

With regard to the REACH Classification Labeling and Packaging (CLP) inventory notification, the current UK-based Brewer Science, Inc., CLP inventory notification entity will be transferred to either the French or German Brewer Science entity or the Germany-based Intertek OR entity by the middle of March. The European Chemicals Agency (ECHA) has noted that any information from existing notifications made by UK manufacturers or importers will remain available under the conditions of the legal notice that ECHA has published along with the CLP inventory. Any new CLP inventory notification will be made by the newly appointed EU entity.

With regard to post-BREXIT compliance with UK REACH-type regulations, following BREXIT, Brewer Science, Inc., will monitor the UK-specific REACH-type regulations that come into force, and in coordination with Intertek, will enter into contracts to ensure compliance

Sincerely,

Brewer Science
